Energizer®

OUR BRAND

Worldwide, the *Energizer*® brand is all about never stopping. We keep going... and going. This time, putting the professional at the center of everything we do, literally empowering you to perform your very best for your customers, every day – without stopping. That's *Energizer Industrial*®.

Energizer
INDUSTRIAL
ALKALINE

- Keep everyday work site devices going in the field, the office, the classroom, and anywhere else you need dependable alkaline battery power.
- Built to protect your everyday professional devices from leakage of fully-used batteries in devices up to 2 years (AA/AAA).

Energizer
INDUSTRIAL
LITHIUM

- Keep critical devices going at the work site with the longest-lasting professional AA batteries, plus they are 33% lighter than alkaline AA batteries.
- Get the power you need even in extreme temperatures (-40°F to 140°F) and the reassurance that these lithium batteries are 100% leak proof in standard usage.

Energizer
INDUSTRIAL
LITHIUM

SPECIALTY BATTERIES

- Safeguard your professional equipment with lithium batteries that are 100% leak proof in standard usage.
- Power your critical devices in extreme conditions with a battery that keeps working in -40°F to 140°F temperatures (-22°F to 140°F for coin lithium).

Energizer

SPECIALTY BATTERIES

- Energizer offers a full range of long-lasting miniature batteries.
- Whether for your watch, camera, glucose monitor, pedometer, remote control, or other small devices, Energizer has the specialty battery for you.

Energizer
MAX

- Protects your devices from leakage of fully-used batteries in devices up to 2 years (AA/AAA).
- Holds power for up to 12 years (AA/AAA) and 10 years (C/D) in storage.
- From the makers of the world's first* zero mercury AA alkaline battery.

*Commercially available since 1991.

Energizer
RECHARGE

- Made with 22% Recycled Materials.*
- Up to 12 year battery total usable life under typical usage patterns (AA/AAA).
- Batteries come pre-charged (AA/AAA).

*Power Plus AA 2300mAh & AAA 800mAh.

Energizer[®]

INDUSTRIAL

Energizer provides professional-strength batteries with no leaks guaranteed.*

THE ONLY INDUSTRIAL BATTERY WITH A
NO-LEAK GUARANTEE*

*AA and AAA only. Energizer will repair or replace, at our option, any device damaged by leakage from Energizer Industrial Alkaline batteries either during the life of the battery or within two years following the full use of the battery. If exact replacement is not available, devices may be replaced with a product of comparable market value at the time of claim. Leaking battery and damaged device must be provided to Energizer as proof of claim. Energizer reserves the right to deny claims of damage caused by misuse or modification of the batteries or device. If you have a leaking battery, contact 1-800-383-7323 for return instructions.

Energizer®

INDUSTRIAL
ALKALINE

LONG LASTING POWER
FOR EVERYDAY DEVICES

THE ONLY INDUSTRIAL BATTERY
WITH A NO-LEAK GUARANTEE*

HOLDS POWER FOR UP TO 10 YEARS IN STORAGE (AA/AAA/C/D)

- Keep everyday work site devices going in the field, the office, the classroom, and anywhere else you need dependable alkaline battery power.
- Built to protect your everyday professional devices from leakage of fully-used batteries in devices for up to 2 years (AA/AAA).
- Be ready to go with batteries that hold power for up to 10 years in storage (5 years for 9V).
- AA and AAA contain convenient 4-packs for easy distribution and use in vending machines.

Energizer®

INDUSTRIAL LITHIUM

BIG POWER FOR SMALL DEVICES

COIN LITHIUM CELLS IN TEAR STRIP PACKAGING!

- Safeguard your professional equipment with lithium batteries that are 100% leak proof in standard usage.
- Power your critical devices in extreme conditions with a battery that keeps working in -40°F to 140°F temperatures. (-22°F to 140°F for coin lithium.)
- Handle whatever the workday brings with lithium batteries that hold power for up to 10 years in storage.
- Keep critical work devices and workdays running smoothly with reliable, long-lasting power for motion sensors, security cameras, two-way construction radios, and more.
- World's first coin lithium battery designed with three layers of defense: secure packaging, bitter taste to deter ingestion, and Color Alert that activates when it comes in contact with saliva.

POWERFUL & PORTABLE

On the job, you can rely on Energizer for professional-grade ruggedness, dependability, and craftsmanship – offered in a wide variety of innovative lighting devices.

Energizer®
PRO SERIES
LIGHTS

PRO SERIES LIGHTS

A range of quality, professional-grade lights designed with performance, flexibility, and durability to meet the tough standards and demands while on the job! *Energizer®* Pro Series lights have powerful LED technology that includes High CRI for high-definition color clarity. This series of lights are durable, waterproof and dustproof (IP67) to withstand demanding conditions.

Energizer®

METAL LIGHTS

Commercial-grade aluminum alloy isn't the only thing that makes these lights special – the combination of natural daylight color and a powerful wide beam creates a sturdy, high-performance metal light with exceptional capabilities.

Energizer®

HEADLAMPS

Hands down, Energizer has the most useful range of lightweight and versatile lighting products designed especially for those tasks that require two hands.

Energizer®
INTRINSICALLY
SAFE

INTRINSICALLY SAFE

Energizer® work and safety lights are designed and built with the rugged features hard-working professionals need and appreciate on the job. The built-in safety elements and MSHA Approved, ATEX Certified, and UL Listed ENERGIZER INTRINSICALLY SAFE® lights are safe to use in potentially hazardous environments.

POWERFUL & PORTABLE

On the job, you can rely on Energizer for professional-grade ruggedness, dependability, and craftsmanship – offered in a wide variety of innovative lighting devices.

Energizer

TACTICAL SERIES LIGHTS

The *Energizer*® TAC Series are high-performing and durable lights. Spanning from very compact and lightweight to larger, high-performance models, these are the perfect lights to carry with you, no matter what life throws at you.

Energizer
Hard Case
PROFESSIONALS

HARD CASE PROFESSIONAL

The Toughest Flashlights You'll Ever Need

Serious work demands serious lighting. On-site or in the field, our *Energizer*® Hard Case® Professional flashlights feature rugged dependability combined with innovative LED technology.

Energizer
WEATHERREADY.

WEATHERREADY & AREA LIGHTS

Energizer® area lights offer high lumen output in combination with a long runtime and power bank capabilities providing reliable 360 lighting for all your tasks.

EVERYDAY & EVEREADY® LIGHTS

EVEREADY® flashlights produce bright white LED light for a variety of tasks. From industrial to all-purpose and metal, their quality, performance, and economy make these lights perfect for everyday use.

ENERGIZER® PRO SERIES LIGHTS

ENERGIZER® FOCUSING HYBRID HEADLAMP ENY25A32P

6 Operating Modes 

- 500 Lumens Focusing Hybrid Headlamp
- High CRI – High-definition color clarity
- Digital focusing to broaden or narrow your field of vision
- Dustproof, waterproof (rated IP67)
- Includes universal helmet attachments
- Anti-glare design, durable shatterproof lens
- Hybrid Power – rechargeable & also runs on 3 AAA Batteries (Included)

AA ALKALINE BATTERIES

HIGH MODE/MODE INTENSE/MODO ALTO

LITHIUM ION BATTERY

HIGH MODE/MODE INTENSE/MODO ALTO

ENERGIZER® MULTI-COLOR HYBRID HEADLAMP ENY38A42P

7 Operating Modes 

- 650 Lumens Multi-color hybrid Headlamp
- High CRI – High-definition color clarity
- Dustproof, waterproof (rated IP67)
- Press & Hold dimming feature & durable shatterproof lens
- Includes universal helmet attachments
- Hybrid Power – rechargeable & also runs on 4 AAA Batteries (included)

AA ALKALINE BATTERIES

HIGH MODE/MODE INTENSE/MODO ALTO

LITHIUM ION BATTERY

HIGH MODE/MODE INTENSE/MODO ALTO

ENERGIZER® INSPECTION LIGHT ENYPHH22

3 Operating Modes

- 350 Lumens Inspection Light
- High CRI – High-definition color clarity
- Non-conductive, dustproof, waterproof (rated IP67)
- Compact design with versatile clip and non-slip grip
- Hybrid Power – rechargeable & also runs on 2 AAA Batteries (Included)
- Storage pouch included

AA ALKALINE BATTERIES

HIGH MODE/MODE INTENSE/MODO ALTO

LITHIUM ION BATTERY

HIGH MODE/MODE INTENSE/MODO ALTO

ENERGIZER® PRO SERIES LIGHTS

ENERGIZER® HYBRID FLASHLIGHT ENYPHH21

4 Operating Modes

- 500 Lumens Hybrid flashlight
- High CRI – High-definition color clarity
- Dustproof, waterproof (rated IP67)
- Non-slip grip
- Magnet for storage or hands-free use
- Hybrid Power – rechargeable & also runs on **2 AA Batteries (Included)**
- Storage pouch included

AA ALKALINE BATTERIES

LITHIUM ION BATTERY

ENERGIZER® HIGH CRI FLASHLIGHT ENYPHH62

4 Operating Modes

- 1000 Lumens Hybrid flashlight
- High CRI – High-definition color clarity
- Dustproof, waterproof (rated IP67)
- Non-slip grip
- Magnet for storage or hands-free use
- Hybrid Power – rechargeable & also runs on **6 AAA Batteries (Included)**
- Storage pouch included

AA ALKALINE BATTERIES

LITHIUM ION BATTERY

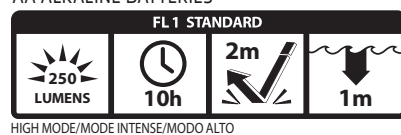

ENERGIZER® WORK LIGHT ENYPWL31

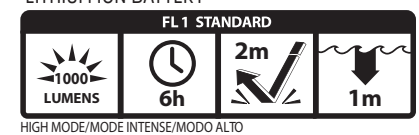

4 Operating Modes

- 1000 Lumens Hybrid Work Light
- High CRI – High-definition color clarity
- Dustproof, waterproof (rated IP67)
- Area or directional light
- Non-slip grip, tripod compatible, and comes with hanger hooks and magnets for hand-free use or storage
- Hybrid Power – rechargeable & also runs on **3 AA Batteries (Included)**

AA ALKALINE BATTERIES

LITHIUM ION BATTERY

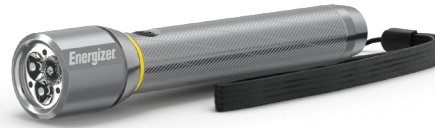

ENERGIZER® METAL LIGHTS

ENERGIZER® METAL INSPECTION LIGHT ENPMHH22E | 100 LUMENS

1 Operating Modes

- Durable aircraft-grade aluminum with shatterproof lens, push button tail switch, and clip
- Ergonomic body makes it easy to hold and use
- Optimal beam pattern and color temperature for inspection activities
- Operates on 2 AAA Batteries (Includes 2 AAA Energizer MAX® Batteries)

ENERGIZER® VISION HD FOCUS PERFORMANCE METAL LIGHT

EPMZH21E | 400 LUMENS

7 Operating Modes

- Durable aircraft-grade aluminum with shatterproof lens and lanyard
- One press digital focusing allows user to adjust light beam between focus and area light
- 7 operating modes, including 4.25hz strobe light
- **MAXVIZ Technology** to deliver a wide, powerful beam and high-definition vision
- Operates on 2 AA Batteries (Includes 2 AA Energizer MAX® Batteries)

ENERGIZER® RECHARGEABLE LED FLASHLIGHT

ENPMHRL9 | 2000 LUMENS

3 Operating Modes

- One Energizer® Rechargeable LED Flashlight with USB Charging Cord
- Digital Focus technology, high-definition vision and exceptional light output
- Powerfully bright flashlight casts 2000 Lumens with an 820-foot beam on High for up to 3 hours
- IPX4 water resistant and impact resistant up to 3 feet for a reliable emergency flashlight

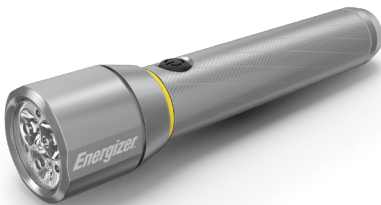

ENERGIZER® VISION HD COMPACT METAL FLASHLIGHT

EPMHH32E | 270 LUMENS

3 Operating Modes

- Brightens with up to 15X the power of standard LEDs, reaching up to 84 meters with up to 270 lumens
- Runs for up to 12.5 hours in low mode
- IPX4 water-resistant construction withstands splashing
- **MAXVIZ Technology** replicates daylight color and definition
- Works with 3 Energizer MAX® AAA Batteries (Batteries Included)

ENERGIZER® VISION HD EXTRA PERFORMANCE METAL FLASHLIGHT WITH DIGITAL FOCUS

EPMZH61E | 1300 LUMENS

7 Operating Modes

- Brightens with up to 15X the power of LED, reaching up to 230 meters with up to 1300 lumens of bright light
- Durable, aircraft-grade aluminum body with IPX4 water-resistant construction withstands splashing
- **MAXVIZ Technology** replicates daylight color and definition
- Works with 6 Energizer MAX® AA Batteries (Batteries Included)

ENERGIZER® METAL RECHARGE ENPMHRL7 | 1200 LUMENS

7 Operating Modes + Dimming Feature

- Durable aircraft-grade aluminum with shatterproof lens
- One press digital focusing allows user to adjust light beam between focus and area light
- 7 operating modes, including 4.25hz strobe light
- **MAXVIZ Technology** to deliver a wide, powerful beam and high-definition vision
- Rechargeable (USB charging cable included) - fully charge in 8 hours*
- USB Port Out: Charges Devices
- **Rechargeable Lithium Ion Battery (26650) - Non-Removable Battery**

*Light must be turned off while charging.

ENERGIZER® HEADLAMPS

ENERGIZER INDUSTRIAL® VISION HD HEADLIGHT HDBIN32EB

4 Operating Modes + Dimming Feature

- Vending machine ready packaging
- Non-slip strap for use with hard hat
- Pivoting head to direct light where needed
- Next Push Off to avoid unnecessary switch cycles
- **Energizer® Smart Dimming** to control light intensity
- IPX4 water resistant and shatterproof lens construction
- Up to 4X brighter than standard LED technology
- Patented optics, delivering exceptional direct and peripheral vision
- Features LED technology
- Operates on 3 AAA Batteries (Includes 3 AAA Energizer MAX® batteries)

ENERGIZER INDUSTRIAL® VISION HD+ FOCUS HEADLIGHT HDDIN32EB

5 Operating Modes + Digital Focus Feature

- Vending machine ready packaging
- **Patented Digital Focus** allows users to broaden or narrow the light beam
- **Red LED mode** allows users to preserve night vision
- Next Push Off to avoid unnecessary switch cycles
- Silicone beading on head strap for extra grip
- Pivoting head to direct light where needed
- IPX4 water resistant and shatterproof lens construction
- Memory Recall feature permits to access preferred focus setting the next time the light is switched on
- Up to 4X brighter than standard LED technology
- Custom optics deliver exceptional direct and peripheral vision
- Features LED technology
- Operates on 3 AAA Batteries (Includes 3 AAA Energizer MAX® Batteries)

ENERGIZER® VISION ULTRA INDUSTRIAL RECHARGEABLE HEADLAMP ENIHDFRLPB

7 Operating Modes + Dimming Feature

- Vending machine ready packaging
- **Rechargeable (USB Cable Included)**
- **Red and Green LED mode** allows users to preserve night vision
- **Energizer® Smart Dimming** to control light intensity
- **VisionGuard** protects vision by gradually increasing light intensity
- IPX4 water resistant and shatterproof lens construction
- Non-slip strap for use with hard hats
- Fully charge in 4 hours*
- Up to 15X brighter than standard LED technology
- Long run time in High and Low modes
- **7 Modes:** High, Low, Wide, Wide Low, Red, Flashing Red, Green
- Features LED technology
- **Rechargeable: Lithium-Ion Non-Removable Battery**

*Light must be turned off while charging.

ENERGIZER HARD CASE PROFESSIONAL® RUGGED LED HEADLAMP

TUFHD31PE

2 Operating Modes

- High-powered LED technology delivers a powerful beam of up to 600 lumens that can reach up to 140 meters on high mode
- Nonslip head strap and adjustable band fit standard helmets and hard hats
- Tough construction can withstand drop after drop from up to 2 stories high (7 meters)
- Includes a convenient pivoting head that directs a powerful stream of light
- Easily switch between flood and/or spotlight modes
- Ready for any weather: Water-resistant to IPX4 standard
- Works with 3 Energizer MAX® AA Batteries (included)

ENERGIZER® TACTICAL SERIES LIGHTS

ENERGIZER® TAC 300 ENPMHT1L

3 Operating Modes

- Durable aircraft-grade aluminum with shatterproof lens
- Push button tail switch, strike bezel head, and clip
- Compact size
- 3 operating modes, including emergency strobe
- Operates on 1 CR123 Battery (Includes 1 CR123 Energizer® Lithium Battery)

ENERGIZER® TAC 700 PMHT2L

4 Operating Modes

- Durable aircraft-grade aluminum with shatterproof lens
- Push button tail switch and strike bezel head
- **MAXVIZ Technology** to deliver a wide, powerful beam and high-definition vision
- 4 operating modes, including emergency strobe
- Operates on 2 X CR123 Energizer® Lithium Batteries (Included)

ENERGIZER® TAC 1000 ENPMHT61

3 Operating Modes

- Durable aircraft-grade aluminum with shatterproof lens
- Push button tail switch and strike bezel head
- Waterproof
- 3 operating modes, including emergency strobe ~17 Hz frequency
- Extended run time
- Operates on 6 AA Batteries (Includes 6 AA Energizer MAX® Batteries)

ENERGIZER® HIGH LUMEN METAL LIGHT ENPMHH41E

3 Operating Modes

- Bright 1,000 lumen flashlight beam reaches over three football fields and is up to 15 times brighter than standard LED technology
- Manual focus with three light modes, including Strobe for emergency situations
- Shatterproof lens with an IPX4 water-resistant body that can resist impacts up to 3 feet
- Durable aircraft-grade aluminum body
- Operates on 4 Energizer MAX® AA Batteries (Batteries Included)

ENERGIZER® TAC-R 1200 ENPMHT28

3 Operating Modes

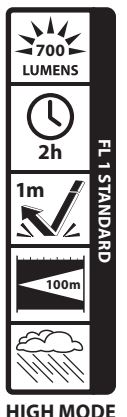

- Durable aircraft-grade aluminum with shatterproof lens
- Push button tail switch and strike bezel head
- 3 operating modes, including emergency strobe
- Rechargeable (USB charging cable included)
- USB Port Out to charges devices
- Rechargeable Lithium Ion Battery (2x18650), Non-Removable Battery

ENERGIZER® TAC-R 700 ENPMTRL8

4 Operating Modes

- Durable aircraft-grade aluminum with shatterproof lens
- Push button tail switch, strike bezel head, and removeable clip
- **MAXVIZ Technology** to deliver a wide, powerful beam and high-definition vision
- 4 operating modes, including emergency strobe ~17 Hz frequency
- Rechargeable (USB charging cable included)
- Rechargeable: Lithium Ion (18650) - Non-Removable Battery

- Equipment suitable for ATEX/IECEx Zones 0,1,2
- Features LED Technology
- Operates on **3 AAA Batteries**

ENERGIZER HARD CASE PROFESSIONAL® LIGHTS

ENERGIZER HARD CASE PROFESSIONAL TASK LIGHT TUF2AAPE

2 Operating Modes + Dimming Feature

- Exceptionally durable construction for the most demanding jobs
 - Rugged polymer and durable over-mold maximize shock absorption
 - 20 Year Design to Last based on typical consumer usage
 - Survives drop after drop from a two-story building
 - Shatterproof lens
- Built-in lanyard slot
- Large push button switch for easy operation
- IPX4 water resistant for peace of mind in outdoor uses
- Latest LED technology provides clear, bright light
- Bright, uniform beam is ideal for projects
- Smart Dimming technology for customized light output and extended runtime
- Features LED technology
- Operates on 2 AA Batteries (Includes 2 AA Energizer MAX® batteries)

HIGH MODE

ENERGIZER HARD CASE PROFESSIONAL PIVOTPLUS LIGHT HCSW21E

2 Operating Modes + Dimming Feature

- Exceptionally durable construction
 - Rugged polymer and durable over-mold maximize shock absorption
 - Survives drop after drop from a two-story building
 - Shatterproof lens
- Pivoting head rotates up to 175°
- Built-in lanyard slot
- Large push button switch for easy operation
- IPX4 water resistant for peace of mind in rainy outdoor tasks
- Bright, uniform beam is ideal for projects
- Adjustable beam for customized light output and extended runtime
- Magnetic base to secure light on metal surfaces
- Features LED technology
- Operates on 2 AA Batteries (Includes 2 AA Energizer MAX® batteries)

HIGH MODE

ENERGIZER HARD CASE PROFESSIONAL SPOTLIGHT HCSP61E

2 Operating Modes

- Exceptionally durable construction for the most demanding jobs
 - Rugged polymer and durable over-mold maximize shock absorption
 - 20 Year Design to Last based on typical consumer usage
- Built-in lanyard slot
- Large push button switch for easy operation
- IPX4 water resistant for peace of mind in outdoor tasks
- LED technology provides a bright spot light for a variety of tasks
- Powerful beam distance to see objects far away
- Excellent runtime
- Features LED technology
- Operates on 6 AA Batteries (Includes 6 AA Energizer MAX® Batteries)

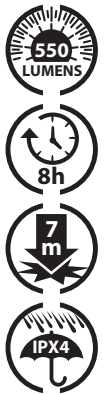

HIGH MODE

ENERGIZER HARD CASE PROFESSIONAL WORK LIGHT HCAL41E

2 Operating Modes + Dimming Feature

- Exceptionally durable construction for the most demanding jobs
 - Rugged polymer and durable over-mold maximize shock absorption
 - 20 Year Design to Last based on typical consumer usage
 - Survives drop after drop from a two-story building
- Hands free functionality
 - Retractable rotating hook
 - Magnets
 - Wide base
- Large push button switch for easy operation
- IPX4 water resistant for peace of mind in outdoor conditions
- Latest LED technology provides clear, bright light
- Wide angle 180° area light
- Smart Dimming technology for customized light output and extended runtime
- Features LED technology
- Operates on 4 AA Batteries (Includes 4 AA Energizer MAX® Batteries)

HIGH MODE

*Light output measured from LED. Value is only applicable to the LED. Actual device light output may vary.
†Endpoint determined at 1% of initial value – Results based on Energizer MAX® Aik E91.

ENERGIZER® WEATHERREADY® & AREA LIGHTS

ENERGIZER® HYBRID POWER LANTERN ENALUH28

3 Operating Modes

- Two ways to power: Batteries or USB
- IPX4 water resistant
- Operates on 4 AAA **Energizer MAX®** Batteries (Not included)

ENERGIZER® LED RECHARGEABLE PANEL WORK LIGHT ENAWLL8

5 Operating Modes + Digital Focus Feature

- Delivers up to 1100 lumens of bright LED light on High mode and can switch between 2 light mode settings
- Runs up to 6 hours in High mode
- IPX4 water-resistant construction of the *Energizer®* work light withstands splashing water on all sides
- 2 adjustable panels provide 180° of light each and can be adjusted wherever light is needed
- Both legs are adjustable
- Operates on a **rechargeable lithium ion battery (micro-USB charging cable included)** and has a **USB out port to charge your devices**

ENERGIZER® WEATHERREADY® WATERPROOF FLOATING FLASHLIGHT WRWP21E

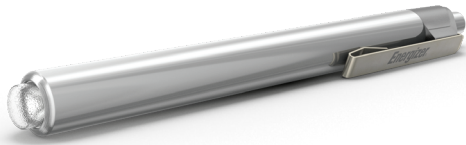

- Durable water-resistant flashlight provides bright, white LED light for any situation
- Water-resistant flashlight floats for easy recovery
- Reflective surface makes it easy to find in low light
- Works when you need it – operates for up to 35 hours on one set of alkaline batteries
- Includes 2 AA **Energizer MAX®** Batteries

ENERGIZER® WEATHERREADY® LANTERN WRESAL35

- Charges devices
- 30-hour runtime in High mode
